#### BORN—

To the wife of James Cosper, in Clifton, March 22nd, a baby girl.

Senator A. A. Worsley, of Tucson, returned to Clifton this week to appear before the Superior Court in the trial of P. Lascourain vs. Shannon Copper Co.

R. M. Kelly, of Pima, formerly a resident of Clifton, where he was for years manager of the W. A. Lines dairy, was a visitor in Clifton this week on business.

On Saturday last a party composed of Mrs. J. W. Goolsby, Mrs. Jack Miller, Mrs. W. B. Mitchell and Mrs. G. L. Crawford rode over the new road to Metcalf on horseback and spent a very pleasant day with Mrs. Farnsworth.

The Fraternal Brotherhood Lodge gave a reception on the evening of the 19th in honor of its eighteenth anniversary. A number of guests were invited and the time was spent playing games after which a tempting banquet was served. All voted the affair a most enjoyable success and departed for their homes at a late hour hoping again to be the guests of this growing lodge.

#### CARD OF THANKS.

To the friends whose kind words of sympathy and whose personal assistance were of comfort and aid to me in the recent death of my brother. I wish to extend my sincerest thanks.  
R. J. COLEMAN.

It col.

#### AT THE BAPTIST CHURCH.

Rev. D. Carl Williams, of California's Educational Directors for the Baptist churches of the Southwest District, will address the church workers and teachers on "Greater Efficiency" at the Baptist church, Monday and Tuesday, March 30-31, at 7:45 p. m.

Prof. Samuel Zane Batten, of Philadelphia, Superintendent of the Social Service and Brotherhood department of the Northern Baptist Convention, will speak in the Baptist church on Friday night, April 3, at 7:45 o'clock. The public is cordially invited to hear this popular speaker upon the live question of the day, "Social Service and Brotherhood."  
Wm. J. GORDON, Pastor.

#### Visitor From Cochise—

Frank Moson, a prominent cattleman from Cochise county, accompanied by Mrs. Moson, arrived in

Clifton Wednesday afternoon coming from Duncan in the Buick roadster. Mr. Moson has been looking over the opportunities for investment in the Duncan section and was very favorably impressed. Mr. Moson has a large cattle ranch on the border, and a large number of his cattle range across the line in Mexico. He says it is impossible for him to ship cattle out of Mexico at the present time on account of the high Mexican export duty which is \$20 gold per head.

#### COLORADO FIRM BUYS NEY MEXICO.

The Hallack and Howard Lumber Company of Denver, Colo., has just bought 117 million board feet of timber on the Carson National Forest, New Mexico. The timber is purchased under competitive bids at a stumpage rate of \$2 a thousand and the species to be cut include yellow pine and Douglas fir.

The timber is located at the headwaters of Vallecitos Creek and in order to successfully log the area the company is planning to establish a large mill near the Schomburg holdings and has already started the survey for a railroad from Caliente Sidling on the Denver & Rio Grande Railway. The contract provides for a cutting period extending over ten years. Actual lumbering will commence July 1, 1915.

In addition to the 117 million feet purchased from the Government, the company has also secured 30 million feet of privately owned timber in the same neighborhood and will cut this in connection with that from the Government holdings.

Forest officers say that the Carson Forest will be greatly benefited by this sale. It will take the large mature timber which will be cut into lumber and railway ties. Furthermore they think that it will mean a great deal for that part of northern New Mexico which is susceptible of considerable development, this new timber activity being one of the largest industrial undertakings in that locality within the past decade.

#### A RECORD.

Detroit Michigan—More than 1,000 completed automobiles a day for twenty-four consecutive working days was the new record hung up during February by the Ford Motor Company. February shattered all previous production records of the company. During this single, short month twenty-four thousand, six hundred twenty-one Model Ts were built and shipped. This exceeded the month of January itself a record smasher, during which twenty-three thousand, nine hundred thirty-six Model Ts were built and shipped to branches and agents throughout the world.

Prior to January, 1914, the company's big month came in June 1913 when twenty-two thousand, forty-nine Model Ts passed out through the factory's doors.

But not only did the company in February break all records of previous months but it also set a new high-water mark for a day's production of automobiles, when on the 27th of the month it turned out sixteen hundred and thirty-six complete Fords. The previous daily production record for automobiles, also a Ford record, was made one day last Spring when the big factory at Highland Park, Michigan built more than thirteen hundred cars.

Despite this big production and the big outputs of the Ford factories at Ford, Ontario, and Manchester, England, the company probably will not be able to supply the world-wide demand for this low-priced car.

#### MORENCI'S TEACHERS TO ATTEND METCALF MEETING

The teachers of the Morenci schools are preparing to attend, probably the entire force, the second convention of the Greenlee County Parents-Teachers' Association which will be at Metcalf on Saturday, April 4. The first of these conventions was at Morenci, and the results were so pleasing that much interest is excited among the teachers of the county.

At the Morenci convention, the principal theme of the discussions was the teaching of mathematics, while the meeting at Metcalf will be devoted to the discussion of methods of teaching, etc., of English in the grades. While no set program has now been formulated, yet the various phases of the subject have already tentatively been assigned to several of those who will assist in the program.

### DISTURBANCE RIFE IN OFFICIAL MORENCI

(Continued from Page 1)

and that he, Horton, would be placed in a false light should the case be carried to the Superior Court; that in his opinion Judge Laine of the court would not permit the case to go to trial after being informed of the evidence. Accordingly Judge Lally ordered the case dismissed.

Among the witnesses examined were three Mexicans who were arrested by Cash while the Mexicans were coming from Newtown. The evidence of these three fully substantiated the claims of Cash, in all important points, these being to the effect that he merely arrested the Mexicans, and that he searched them as is the practice of officers arresting men under similar conditions. The man who owned the wallet containing the money which was taken by Cash admitted that Cash took the money, and that he, the Mexican, knew at the time that Cash was an officer, and therefore had a legal right to remove the money with any other effects the man possessed before the prisoner was placed in jail.

The story of Cash, substantiated by witnesses Morrison, Thompson, Hoffman, Keppel, and Henry, was to the effect that he received at his residence, (this was substantiated by Henry) a call from a Mexican to the effect that a crowd of drunken Mexicans was coming from Newtown, and that they were drunken and disorderly. Cash immediately responded and found the men near the slag dump of the Detroit Copper company. He there arrested them and searched them, finding the money, two or three pocket knives, a cask of wine, and a surplus hat held in the bosom of one of the men. That he called to Morrison, who was passing, and requested him to assist Cash in carrying the men to the jail. Morrison responded and the men were, with the later assistance of Gid Thompson, placed in the Newtown jail.

After placing the men in jail, Cash and Thompson went into the latter's saloon, where Cash requested Thompson to take the money which had been removed from the pockets of the Mexican, and place it in the safe of the house. That Thompson refused, for the reason that no money was ever kept there during the night, it being placed in a safe of greater security across the street. Cash then came to his home, placed the money over the window of his room, and in accordance with previous arrangements, boarded the early morning train, with his children, whom he carried as far as El Paso on their way to Southern Texas, where they will remain with relatives. Cash then returned to Morenci, arriving here on Wednesday following the arrest of the Mexicans. Immediately upon reaching the town, he was told that he was to be arrested on the charge of grand larceny, this charge being dismissed, and another charge, that of highway robbery, being preferred later. Cash returned the money to the Mexican upon the latter's being brought before the Court for final trial, at which time he was acquitted.

In his opinion delivered to Judge Lally, Horton specified that he could not see where Cash was to be blamed in any respect other than that of for so long keeping the money in his possession, but in this respect adding that such practice was commonly followed by arresting officers, and that this laxity could not be considered as affecting the charge of highway robbery.

#### Frank McKnight Returns—

Frank McKnight, who accompanied the remains of Chas. Tunis to his old home at Anapolis, Md., returned home this week, after an absence of eight days.

#### School Election—

The school election will be held Saturday for the election of a trustee to fill the vacancy caused by the retirement of Mat Danenhauer. Three candidates are reported to be in the field including, O. A. Risdon, George Reitzer, and Asa Miller.

#### Purchase Ranch Property—

G. L. Coffee and Tom McCullough this week purchased the ranch and cattle of Gene Hopper. Mr. Coffee will devote his time to the cattle business following his retirement from the position of Town Marshal.

#### Forged Check Complaint—

A complaint was filed in the Justice Court of Ed Leonard this week charging C. Brinant, a former employee of Uthus, the tailor, with forging his signature to a check on the Gila Valley Bank. The check was given by a customer to the Uthus Tailor shop and in the absence of the proprietor Brinant is alleged to have forged an endorsement and secured the money at the bank. At the time of going to press Brinant had not been located.

### NOTED LECTURER IS COMING TO CLIFTON

Captain Clumm, the Famous Lecturer and Traveler, Will Give a Free Lecture in Clifton on the Evening of April 4th.

Captain Clumm, the noted lecturer and traveler, will give the people of Clifton an intellectual treat on the evening of April 4th.

Captain Clumm is never dull; he is a brilliant and entertaining speaker. His illustrated lectures or travel talks, are a high class entertainment, and sparkling with anecdote, amusing and of great educational value. The beautiful stereopticon view with which the Captain illustrates his lectures are perfect gems, showing some of the most sublimely beautiful and picturesque scenery in the world.

These lectures are given absolutely free of charge. The captain is touring the State under the auspices of the Southern Pacific company, whose object is to stimulate travel to promote knowledge of the attractions of travel in America, of the great natural wonders close at hand; that one does not have to go abroad in search of the sublime and beautiful in nature.

The Southern Pacific Company is to be commended for such an undertaking, and a cordial reception should be accorded the noted lecturer. All the cooperation expected, is that each community visited, provides free of charge a suitable auditorium.

Captain Clumm gave a lecture to an audience of over 800 people in Phoenix on March 19th, and the following is taken from the Arizona Gazette of the morning of March 20:

"John P. Clumm showed a wonderful series of pictures which the program properly called 'Photographic Wonders of America.' The accompanying lecture was even better than the pictures."

For Town Marshal—  
I hereby announce myself as a candidate for the nomination for Town Marshal of the Town of Clifton, subject to the Democratic primaries to be held in Clifton on April 20th.  
TOM McCULLOUGH.

ANNOUNCEMENT.  
I hereby announce to the people of Clifton that I will be a candidate for School Trustee at the approaching school election.  
O. A. RISDON.

#### FOR TOWN CLERK.

In announcing myself as an independent candidate for the office of Town Clerk of Clifton, I can assure the people that I will conduct the office in the same manner in which I have conducted it in the past. If this has been satisfactory to you I will appreciate your vote.  
MAT DANENHAUER.

#### Chronic Stomach Trouble Cured

There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.
